### "The Feast of Life"

A Drama of Passion and Intrigue

Added Attraction: "MYSTERIES OF MYRA"

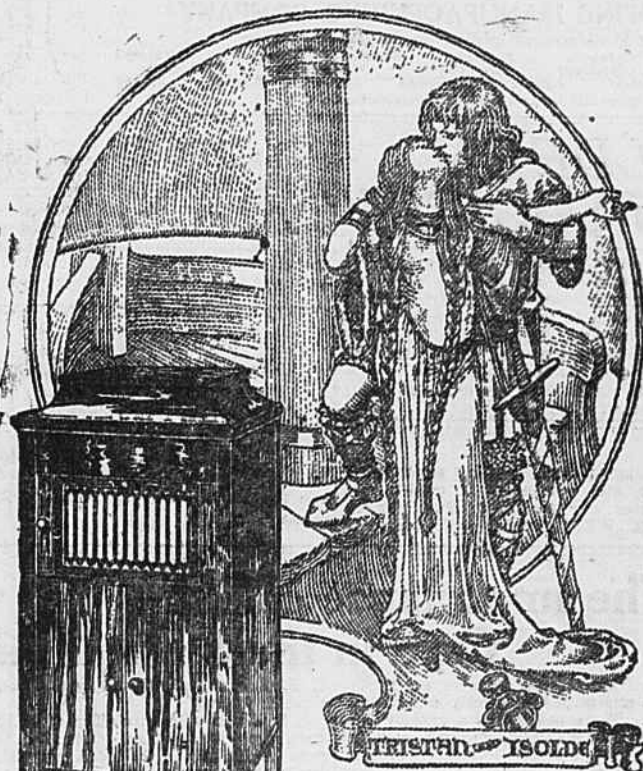

Paramount Photoplay the First to  
Be Turned Into a Stage Production

A SITUATION FROM THE LASKY-PARAMOUNT PICTURE, "THE CHEAT," WHICH IS BEING WRITTEN IN DIALOGUE FORM FOR BROADWAY PLAYGOERS.

The old order of translating well known plays to the screen is reversed in the announcement forthcoming this week that A. H. Woods, noted theatrical producer, has obtained from Hector Turnbull the dramatic rights to his famous motion picture entitled "The Cheat." As a photoplay with Fannie Ward as the star, "The Cheat" was produced by the Jesse L. Lasky Feature Play Company of whose photodramatic staff Mr. Turnbull is a member.

With the enlistment of well known writers to devise ideas and dramatic situations for the screen theatrical producers will look more to motion pictures for new plays. Another one of Mr. Turnbull's Lasky photoplays on the Paramount Program, Marie Dore in "The Heart of Nora Lynn," may also be produced in spoken form on Broadway next season.

## AEOLIAN VOCALION

Take a record from Tristan and Isolde. Play it some evening for your music-loving friends.

With the first notes of the orchestra you will notice a new tone to the music. You are hearing real music for the first time from a phonograph.

Stand at the far end of the room and see how each note of the intricate melody reaches you perfectly.

Step up and take the Graduala in your hand. Soften the tone a little—a simple move of your hand will do it. Then increase the tone until it brings out the full force of those magnificent high notes.

That's what we mean when we say you can play the Aeolian-Vocalion. This is a pleasure that you have never had with the old mechanical, unchangeable phonograph.

But you can never appreciate how beautiful the Aeolian-Vocalion sounds until you actually hear it. A half hour's demonstration will be a revelation to you.

Come in and let us play for you your favorite selections. You can play the instrument yourself if you wish. No obligation will be incurred by a visit.

PRICE \$35 UP

## LAST EPISODE OF SERIAL IS SHOWN

Another Attraction at Robinson  
Grand is "The Saleslady"  
Starring Hazel Dawn.

At the Robinson Grand today, the last chapter of "The Strange Case of Mary Page" is the added attraction and patrons will at last see who the murderer of David Pollock really was. Hazel Dawn in the "Saleslady" is the feature and it is said that Miss Dawn has never seen to better advantage. Frederick Thomson, under whose direction "The Saleslady" was produced, has accomplished remarkable results in the handling of the department store and stage scenes. In support of Miss Dawn appear Irving Cummings, Clarence Handysides, Arthur Morrison, Dorothy Rogers, Janet Findlay, and others who are well known to the motion picture public. The Paramount Photoplays are also shown.

Arthur Hammerstein will next season produce a play called "The Mother-Woman," by Cosmo Hamilton, author of "The Blindness of Virtue."

Clara Kimball Young assisted by a clever cast appears in a thrilling production, "The Feast of Life," at the Orpheum theatre today. Five acts of surpassing excellence complete this photodrama and it is said to be one of the best ever released in the World Film program. The story concerns itself with passion and intrigue and is artistically presented. Tomorrow, a Blue Bird feature, "John Needham's Double," starring Tyrone Power and Marie Walcamp, will be the special offering of the Orpheum.

A. H. Woods is shortly to produce a race comedy by A. E. Thomas and Clayton Hamilton, called "Thirty Days." Scott Cooper has been engaged for apart in the case.

The 400th performance of Charles Dillingham's remarkable pageant "Hip Hip Hooryay" will be observed the Hippodrome on Friday of this week, and to observe the occasion, arrangements are being made to celebrate "Preparedness Night" at the big

## NO APPETITE—LITTLE SLEEP

Symptoms of a Run-Down Condition,  
We Have a Remedy.

We ask every weak, run-down person in Clarksburg to try our Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence:

"I am in the millinery business and on my feet most of the time. I got so weak and run-down that I lost my appetite and was unable to sleep, had a severe chronic cold and lost my color. I learned about Vinol through a friend, and within three weeks after taking it I noticed an improvement, and soon gained in weight, health and strength. I am recommending Vinol to my friends and they also speak highly of it." Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-fashioned cod liver oil and emulsions have failed to restore strength and health, Vinol has succeeded, because while it contains all the curatives they do, its good work is not retarded by useless grease and oil. Stone and Mercer, Druggists, Clarksburg, W. Va.—Advertisement.

playhouse. Notable among the special features will be a new patriotic song by R. H. Burnside and Raymond Hubbell, called "For The Honor of the Flag," which will be sung with characteristic Hippodrome effect. John Philip Sousa, whose stirring marches have thrilled the universe, is also planning a new military number, and the others of this large organization, which is establishing such a remarkable record run, will also provide a most interesting 400th performance.

Lucresia Bori, the operatic prima donna, who underwent a surgical operation, has completely recovered the use of her voice and will return to the operatic stage with the Metropolitan Opera Company when the regular season begins.

The Bijou program for Monday and Tuesday is good. In fact the pictures for the entire week are of a class seldom excelled. Lillian Gish is starred in a Fine Arts offering, "Sold for Marriage." Miss Gish carries her role with her accustomed intelligence holding attention by sheer weight of intense personality. She is a capable actress in every respect and this picture is fully up to the Gish standard.

Fatty Arbuckle is seen in "The Other Man," in which he makes his last appearance on the screen for some time, as he is booked for a long vacation.

William S. Hart, admittedly America's premier interpreter of rugged frontier types, soon will be seen in a different role when he is presented by Thomas H. Ince as the star of "The Primal Lure," a production by Triangle-Kay Bee of Vingie E. Roe's celebrated novel of the same name. The subject, which was adapted for the screen by J. G. Hawks, of the Ince staff, has just been completed and will be released in a few weeks.

Did you know that Charles Chaplin is a violinist? He is. Chaplin's chief diversion away from the studios, is a handsomely polished violin of unknown value but exceedingly sweet tone, presented to him a few months ago by an eastern friend. The Mutual comedian is not only a violinist of considerable merit, but a writer of music as well. A number of his pieces have already been published. Chaplin is also the possessor of an unusually sweet voice—off the screen of course. He is bashful to the extreme, however, and will play and sing only for his most intimate friends.

With Miss Francella Billington in the featured lead, Universal Director Jay Hunt in filming "The Iron Grip of Crime," a five-reel feature production. In the supporting cast are Gilmore Hammond, who plays opposite Miss Billington; Paul Byron, Hector V. Sarno, Jack Holt and W. F. Morgan.

## WEST VIRGINIA

University Team Will Play the  
Norwood Park Team Here  
June 2.

What promises to be the best baseball contest of the season will be staged at Norwood Park Friday afternoon, June 2, when the West Virginia University team meets the Norwood Park team.

The West Virginia team is going good this season and is out fighting hard for the state championship, and will give the Marshall College team the battle of its life when the two teams meet at Huntington in the near future.

## United Effort Against Disease Now Being Made

The Great Spiegel Working With All His Knowledge and  
Force to Rob Humanity of the Terrors  
That Exist Today

Many Seeking His Advice at Sturm & Wilson's Drug Store—A  
Car Load of Sangvin and Beaver Liniment Arrived  
Over the B. & O. from His Laboratory.

Science and charity are waging an endless battle in an effort to prolong the life of man. Philanthropists have endowed institutions with millions for the study of special diseases; charitable individuals and organizations have erected hospitals and sanitariums for victims of consumption, the terrible white plague, from all of which posterity will no doubt reap great benefit, but the present generation can expect but little aid from this source.

It has remained for the father of the Great Spiegel and Dr. Jones, lifelong students of human life and their remedies, to devote themselves to the discovery of a remedy for the ordinary ills of today. In this particular field of endeavor, Dr. M. Spiegel and Dr. Jones have met with marked success and fifteen years ago, Dr. Spiegel's son, who has been in Clarksburg one week, started to travel from place to place telling his suffering fellow beings what Dr. Jones' Sangvin and Dr. Jones Liniment would do for people who were suffering from rheumatism, stomach, kidney, bladder troubles and kidney diseases that are so common and yet so fatal to the human being. In his travels the Great Spiegel has met with marked success, and has earned the gratitude of thousands of men, women and children who have been restored to health following his advice and giving Dr. Jones' Sangvin a trial when they were given up as hopeless by the physicians who were treating them.

"It is a real pleasure for me to recommend Dr. Jones' Sangvin," says Willett Madison, 28 West 12th street, Parkersburg. "I bought a bottle when you were here before for my boy who was passing blood through the urine, scaring us almost to death. The boy worked hard at the brick yards and his system became entirely deranged, his bowels refused to move, his appetite gone, felt tired and worn out mornings after his night sleep, depressed on spirit, had coated tongue and his heart bothered him. He took only one bottle, his urine cleared up to natural color and it was remarkable the change it made in my boy. It just made a new man out of him, built up his appetite, nerves and sleeps fine and he is now back on his job. I am buying another bottle for my wife who suffers with stomach trouble and I will be thankful if it does the same for her as it done for my boy."

Saturday night two wonderful demonstrations were performed by the Great Spiegel with his liniment. A lady was so wonderfully benefited by the Great Spiegel liniment she could not resist coming upon the platform and telling the people what benefit she received for her limb which was jammed in a street car accident. After she told the 5,000 people who were watching the performance and listening to this remarkable man applauded her for her remarks. She was sincere and shook the Great Spiegel's hand and said she would have paid \$5.00 if she was sure beforehand it would do what it did. This lady's name has been misplaced, but will be published tomorrow night. Likewise Phil Austin's hand was treated, crippled and stiff for years, the Great Spiegel immediately took out a peculiar looking medicine and applied and rubbed it all over his hand and inside of five minutes he remarked his hand never had received such wonderful relief as long as it has been crippled. All this is true and \$1,000 will be forfeited to charity, the Great Spiegel remarked to the Telegram today, if the above statements can be proved untrue.

"This kind of convincing proof," said the Great Spiegel, "is the reason why Dr. Jones' remedies have gained such a wonderful reputation in Clarksburg in such a short time and the reason he can make such a long visit because his medicines prove satisfactory."

Those who called Saturday and today at the Great Spiegel's headquarters, Sturm & Wilson's Drug Store, were more than convinced that this gentleman of culture and world experience has rendered wonderful service to the sick.

He wishes to announce for the benefit of those who have any doubt as to the virtues of his remedies, he invites those who suffer with rheumatism, stiff and swollen joints, sprains, deafness, paralysis, headache, to come upon the platform and he will prove that he is not making any idle boast that his liniment will cure you.

Follow the crowd tonight to the big free show, starting at 7:30 p.m., in rear of Union National Bank.—Advertisement.

## EAGLES TO MEET.

Clarksburg Aerie, No. 445, Fraternal Order of Eagles, will hold a special meeting at 7 o'clock tonight in its hall in the Irwin building opposite the post-office to take suitable action on the death of Archie A. Crawford, a past worthy president of the aerie.

In this country from thirty to forty per cent of the cases requiring charitable relief are due to sickness.

## It's Wonderful How Resinol Stops Itching

To those who have endured for years the itching torments of eczema or other such skin eruptions, the relief that the first use of Resinol Ointment and Resinol Soap usually gives is incredible. After all the suffering they have endured and all the useless treatments they have spent good money for, they cannot believe anything so simple, mild and inexpensive can stop the itching and burning INSTANTLY! And they find it still more wonderful that the improvement is permanent and that Resinol really drives away the eruption completely in a very short time. Perhaps there is a pleasant surprise like this in store for you. Resinol Ointment and Resinol Soap are sold by all druggists.

## A Good Soap For Baby Skin

A good baby soap should contain soothing, healing properties to prevent the rashes and chafings to which babies are liable. That is why so many physicians recommend Resinol Soap.

If you do not want your name in the delinquent list, see the sheriff and pay your 1915 taxes.
